In 2018 the Garfield Weston Foundation is 60 years old and to celebrate, we are launching a one-off grants scheme, the Weston Anniversary Fund. This Fund will provide Capital grants ranging from £30,000 to £150,000.

About the Weston Anniversary Fund

Throughout its history, the Garfield Weston Foundation has supported local charities across the UK and the essential work they do to keep our communities connected. To celebrate the Foundation's 60th anniversary and the vital role of community charities, we are launching a one-off grants scheme that will run exclusively in 2018. We recognise that communities need good facilities and our Weston Anniversary Fund will award grants to provide new, or to improve existing community facilities.

The following sections detail all you need to know to apply to the Fund.

What the Fund is for - Community Capital Projects

The Weston Anniversary Fund is designed to fund Capital projects that will make a significant difference to local communities. Applications can be accepted for Capital projects only - by this we mean: permanent facilities e.g. buildings; items that require a sizeable investment e.g. minibus; improvements to outdoor spaces and facilities for sport and exercise or community use.

We will consider applications for the following type of projects:

- New building or extension to an existing building for community use e.g new kitchen, meeting room or storage facility.
- Improvements to, or renovation or refurbishment of, an existing building such as installing a toilet and servery in a rural church for community use.
- New fixed playground equipment, climbing walls or multi-use games area in a public playing field.
- Purchase of large or expensive items if it is crucial to your work in supporting local people e.g. minibus for elderly day care, equipment for a training room, community café fit out etc.
- Purchase of land or property with a minimum of a 25 year lease with a clear community benefit.

We will not consider the following:

- Running costs of your organisation or other areas of your work. You can apply to the Foundation's Regular Grants programme for these – see garfieldweston.org
- We are only able to fund individual pieces of equipment if they form part of a larger project. For example, we cannot fund the purchase of a new oven but we will consider the refurbishment of a kitchen that serves as a community café.
- Projects costing less than £30,000.

The Weston Anniversary Fund is entirely independent of the Foundation's Regular Grants scheme and we are happy to hear from any charities that have a Capital project that will make a positive impact in their local community, whether or not there is a past or current relationship with us. In fact we are especially keen to hear from organisations which have not applied to us before. Even if you have a current grant or pledge from the Foundation or have been declined for a regular grant within the last 12 months, you can still apply to the Weston Anniversary Fund.

If you have any queries about whether your project may be eligible, please refer to the FAQs on the Garfield Weston 60th Anniversary site – anniversary.garfieldweston.org
