SERVE

Peter denies Jesus

Blindfold game – People in Caiaphas's courtyard were convinced they recognised Peter as a friend of Jesus. Take it in turns to see if you can recognise people whilst you are wearing a blindfold.

Try recognising them by the feel of their face, their voice or even their smell!

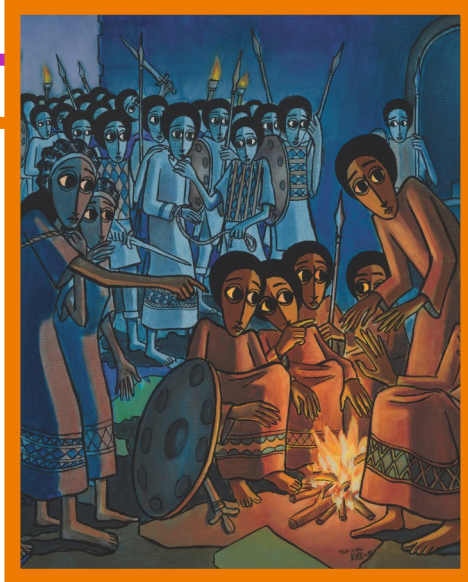

Have you ever let someone you love down? How did it feel?

TALK

Which bit of the picture is your favourite?

Which bit of the picture is the most surprising?

Which bit of the picture would you change to show your own understanding of the story?

PRAY

As you point to each finger on one hand name a person that you love. If you think you have let that person down by saying something unkind or not helping them as they asked bend that finger down.

We can let people we love down in all sorts of ways sometimes through laziness or by putting ourselves first, sometimes through fear, like Peter. When we say sorry God forgives us. He can also help us to say sorry to others and forgive them when they let us down.

If the finger representing someone is straight then thank God and ask him to help you not let that person down in the future. If it is bent, as you say sorry to God straighten your finger. When you have finished praying wiggle your fingers and thank God for all of those people to love and be loved by.

THINK

Have a go at making a cockerel out of folded paper using the instructions on the sheet.
