

You will need: scissors, glue/double sided tape/stapler

- ◆ Cut out all the pieces above
- ◆ Hold the triangle so that the point is facing down.
- ◆ Fold the top left corner down to the right side with a small triangle overlapping the edge.
- ◆ Do the same with the top right corner.
- ◆ Fix the paper in place with glue or a stapler to form a cone.
- ◆ Fold the three corners at the bottom of the cone out to create two legs and a tail.
- ◆ Attach the two hearts to the sides to create wings and the feet to the front two folded out corners.
- ◆ Fold the diamond in half and attach to the front as a beak, and attach the coxcomb to the top of the cone.
- ◆ Fold the three red strips without creasing and attach to the rear triangle to make tail feathers
