

Deanery Insurance

Early in 2017, Ecclesiastical Insurance made the following extensions of their cover, via the diocesan policy, to enable public liability insurance cover for deanery events.

Public liability is now provided for the activities of the Deanery Synod and activities arranged by them. The limit of indemnity is £5,000,000.

Deanery 'Employees'

The deanery has no employees and therefore any administrators who are paid to support the deanery will be covered by the insurance policy of the PCC who are acting as their employer, or the Diocese of York if they are employed by them.

Extra Cover

If a deanery feels that further cover is required for property damage cover in respect of contents that they are responsible for, or for loss of money, a quotation can be provided this cover from Ecclesiastical Insurance. As each deanery is a different unincorporated association they will each need a separate policy.

For Ecclesiastical Insurance to provide a quotation they will need to understand what covers are needed and the limits required. They would also require a description of the activities that the Deanery will be undertaking.

A small charity application for completion accompanies this document, should a policy be required.

Further Information

For more detailed advice on these issues, please contact Catherine Evans at the Diocesan Office or Ecclesiastical Insurance.
